MIDWAY

OMEGA RACE

"Have sighted fleet of Droids ..em on attack to score."

"On alert for extra point Death Ship target."

A Challenging Chase in Space!

Fast-paced, exciting video game featuring ster-like enemy units in an energy field.

The Omega 'pilot' skillfully maneuvers his fighter ship to out-shoot and destroy the steadily attacking aliens and deadly mines in his path.

Hyper-accelerated attacks by Death Ship targets are cued by special sound effects.

SPECIAL 'SIT-IN' MODEL

Attractive, eye-catching style with exterior and interior grephics that simulates space capsule appearance. Ideal for arcades and game rooms.

DIMENSIONS

Height: 64½"
Width: 26½"
Length: 48"

Omega Race is also available in Standard Arcade, Mini-Myte™ and Cocktail Table models.

MIDWAY OMEGA RACE

In the year 2003, the Omega System developed a method of training its warriors to protect their star colonies against Android forces over the city of Komar. Omega fighters raced to engage and destroy these aliens and the mines they planted. The Omega method is so successful, it commands fear and respect from all throughout the galaxies. This method is code named OMEGA RACE.

Points are awarded for the ability to neutralize the droid force as follows:

350	500	1000	1500	2500
Photon Mine	Vapor Mine	Droid Ship	Command Ship	Death Ship

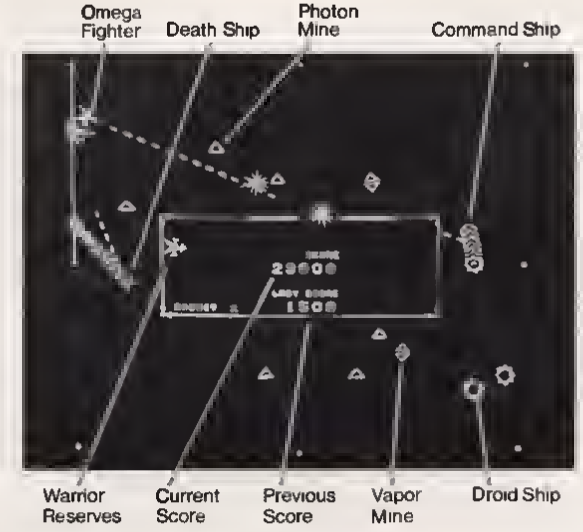
The player uses the Guidance Control knob for direction, and the Thrust Button for force to maneuver his Omega fighter in a chase attack throughout the energy field.

Upon confronting the alien droid units, a press of the Firing Button unleashes deadly laser rays that neutralize and destroy enemy targets.

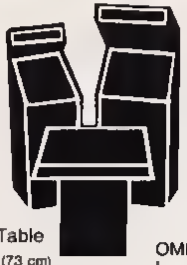
Special attention must be paid when engaging the enemy Death Ship. This alien appears at random and has greater speed and maneuverability than ordinary droids. The hyper-accelerated attack by the Death Ship is accompanied by special sound effects. Its tactic is to bump and demolish the Omega fighter.

Clearing the screen earns continued play. A bonus Omega fighter is awarded at high score levels. A special feature enables a high score player to produce his initials and score which remain on the screen for all to challenge. High scores are maintained for 1 credit and 2 credit games.

For Operator: Special screen display reveals research information regarding play activity in game. *Details contained in technical manual.*



Midway models



MINI-MYTE™
Height: 59" (148 cm)
Width: 20" (50 cm)
Depth: 24" (60 cm)
